So what is a typical end of tenancy clean cost? There are so many different sizes from a flat to a 4 million dollar home, it's a tough question in reality. However, I can try and summarise. I recently charged \$350 for a small 2 bedroom flat

Where at the other end of the price range is a 4 million dollar home. The amount was in excess of \$1,500.00 for 40 hours of work. This clean was very large.
